

White Paper for Inclusiveness into Productivity Framework

Consultancy to Develop a Conceptual and Measurement
Framework Deriving from IsDB's Dual-Track Engagement
Approach

22 April 2026

Table of Contents

Acknowledgements	vi
Executive Summary	1
1. Introduction	9
1.1. Objectives and background	9
1.2. Methodology	11
1.3. Structure of the document	12
2. Global Trends at the Productivity-Inclusion Nexus.....	13
2.1. Slowing productivity growth and rising dispersion	13
2.2. Breakdown of diffusion, reallocation, and structural transformation	18
2.3. Spatial, human capital and resilience dimensions	27
3. Overview of the Multilateral Development Bank (MDB) Landscape	35
3.1. MDB strategic agendas on productivity and inclusion.....	35
3.2. Comparative assessment of MDB intervention tools	39
3.3. Key lessons for the Islamic Development Bank	51
4. Problem Identification: Why Productivity and Inclusion are Failing to Reinforce Each Other	55
4.1. Conceptual disconnect between productivity and inclusion agendas	55
4.2. Structural Drivers of Productivity and Inclusion Gaps	64
4.3. Institutional and policy constraints to integrated action	72
5. An Alternative Framework: Inclusion into Productivity (IIP)	75
5.1. Conceptual definitions, differences and comparisons	75
5.2. Towards an integrated framework for productivity, inclusion, and technology	81
5.3. Proposed framework: participation, access, upgrading and diffusion	86
6. From Concept to Implementation of the IIP Framework	93
6.1. Theory of Change: Inclusiveness into Productivity.....	93
6.2. Relevance of the IIP for the ISDB Group and Islamic Finance	96
6.3. How to operationalize the IIP framework?	99
7. Monitoring and Evaluation Approach for IIP Framework	102
7.1. Layer 1: Country-Based Composite Index.....	103
7.2. Layer 2: Country Scorecard	105
7.3. Layer 3: Program and Project Level Agenda with Ex-Ante and Ex-Post Evaluation.....	107
7.4. Complementarity, Sequencing and Piloting	108
